- E-learning Programme
- Preparation for Music Exams
- Ensemble Workshops and Concerts

A unique, bespoke tailored programme of music education enhancing personal development and emotional intelligence.

WHY MUSIC FOR CORPORATES

Research shows that Music enhances Emotional Intelligence, heals stress, boost creativity and significantly improves overall well-being.

Playing Music enhances multiple brain areas, compared to listening to it or any other form of art

<https://www.youtube.com/watch?v=R0JKCYZ8hng>

MUSIC ENHANCES THE EXECUTIVE BRAIN FUNCTIONS

- ✓ Research have found that Musicians have appear to use their highly connected brains for enhanced planning, strategic, attention to details, analytical and multiple memory functions
- ✓ Musicians often have higher level of executive functions
- ✓ Playing Music is enhancing Emotional Intelligence and overall well-being

We appreciate that as an employer you consider many initiatives like on-site gym, yoga etc. to make the work place experience better. However, **Playing Music** is the best of all for enhancing Emotional Intelligence and overall well-being.

Playing Music is the brain's equivalent to the full body work-out
